We have a fleet of (5) coaches available for purchase. Each coach offers the following:

- Aluminum awnings on the rear, right and left sides;
- (1) 13,500 BTU Roof top air conditioner;
- Outside storage on the left of body;
- Dual batteries with kill switch;
- 20A inverter;
- (4) Workstations;
- (4) Windows;
- Rear step bumper with accessory step;
- Generator and shore power hook-up;
- Space for clinical refrigerator with back-up power

Workstations will accommodate (4) computers and (2) printers.

Awnings close to protect windows while in transit. Awnings open to reveal Rear door and (2) windows on either side of the coach allowing maximum exterior throughput of patients. The open awnings also provide patient weather protection at the windows.
